

Introducing OATA's 2026 Member Webinar Programme

OATA is very pleased to announce that as **an exclusive benefit of membership in 2026** we are launching a new programme of online quarterly webinars. So join the OATA team and our special guests online in March, June, September and December 2026 to enjoy our varied programme! Watch out for invites to join online nearer the date. Each webinar will also be recorded so you can catch up afterwards.

What we have planned for 2026

Sustainability Made Simple: A new tool to help you make sustainable livestock choices for your business

We are launching our new sustainable sourcing tool to **OATA members first**. Find out how this useful online tool will be able to help you to make livestock choices for your business that has sustainability at their heart.

From Paperwork to Practice: How to ace your Animal Activity Licence inspection

We'll be joined by a licensing inspector to give you advice and information, from a local authority's point of view, to help you prepare for your next inspection. If there's a particular issue/question you want answered then drop us an email at info@ornamentalfish.org.

Retail Roundtable: sharing smart ideas for retail success

Join us for a panel discussion bringing together speakers from across the industry to share tips and ideas to help retailers get better at what they do.

Regulator spotlight: Getting under the surface of the Fish Health Inspectorate

We'll be joined by the Fish Health Inspectorate to talk about what the agency does and to help businesses understand issues around biosecurity, what can be imported and how to keep within the law.
